

SCHOOL PERFORMANCE FACT SHEET

In compliance with the California Postsecondary Education Act of 2009, which is effective January 1, 2010, McMillan Academy of Law provides the following School Performance Facts as required under section 94910:

The Bureau for Postsecondary Education (BPPE), is the regulatory body for private postsecondary institutions for the State of California, and requires that each institution provide the following information to students, prior to enrollment, as evidence of recognition of the need to address consumer protection:

- Completion rates for all programs offered
- Placement rates for graduates of each program
- License-examination rates for any program to which that statistic is applicable
- Salary or wage information for each career, occupation, trade, job or job title as applicable, for which students are prepared

Students enrolling for the 2011 school year will be the first class at McMillan Academy of Law. There is no statistical information available about student performance, as Students will be the charter class for the First Year Law Students' Examination and will establish the baseline pass rate for the Academy. The number of students who graduate, the license-examination rates, the number of students who are placed, as well as the starting salaries that can be earned after completion of the program are therefore unknown at this time.

This fact sheet contains the information as calculated pursuant to state law. Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento CA 95833, PO Box 980818, West Sacramento, CA, www.bppe.ca.gov, 95798-0818, Phone: (916) 431-6959, Fax: (916) 263-1897.
